

Technical Data Sheet n° 0316-GB

## ANCILLARIES

**NEW FORMULA**

# 00916 - WATER-BORNE MORDANT PASTE

Ready for use

## DESCRIPTION

White water-borne product containing abrasive extenders, carefully selected.

## USE

- It removes scratches and small defects from the painted surfaces.
- Ideal to remove impurities from the surface of the original coatings due to outside exposure, in contact with polluted environments. It is suitable, moreover, to remove small painting defects like dusts, sags (after sanding) and coarse sanding.
- Especially suitable for HS and UHS products.

## CHARACTERISTICS

- It does not splash and does not cause any dusts
- Good abrasive power
- Silicone-free
- It may be used on all coatings
- High coverage and good flow

## APPLICATION

Apply a small product quantity by means of a polishing dauber by hand or by machine. After polishing apply 00917 WATER-BORNE POLISH PASTE or 00908 SILICONE-FREE POLISH (see technical data sheets for polishing processes N° CL013 and following).
